# Modulight in vivo illumination solutions

EPIC Online Technology Meeting on in-vivo Imaging May 4th 2020

Zoe Ylöniemi  
4<sup>th</sup> May 2020

*Lasers and optics for personalized  
medicine and better life.*

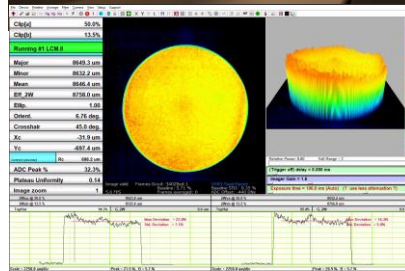

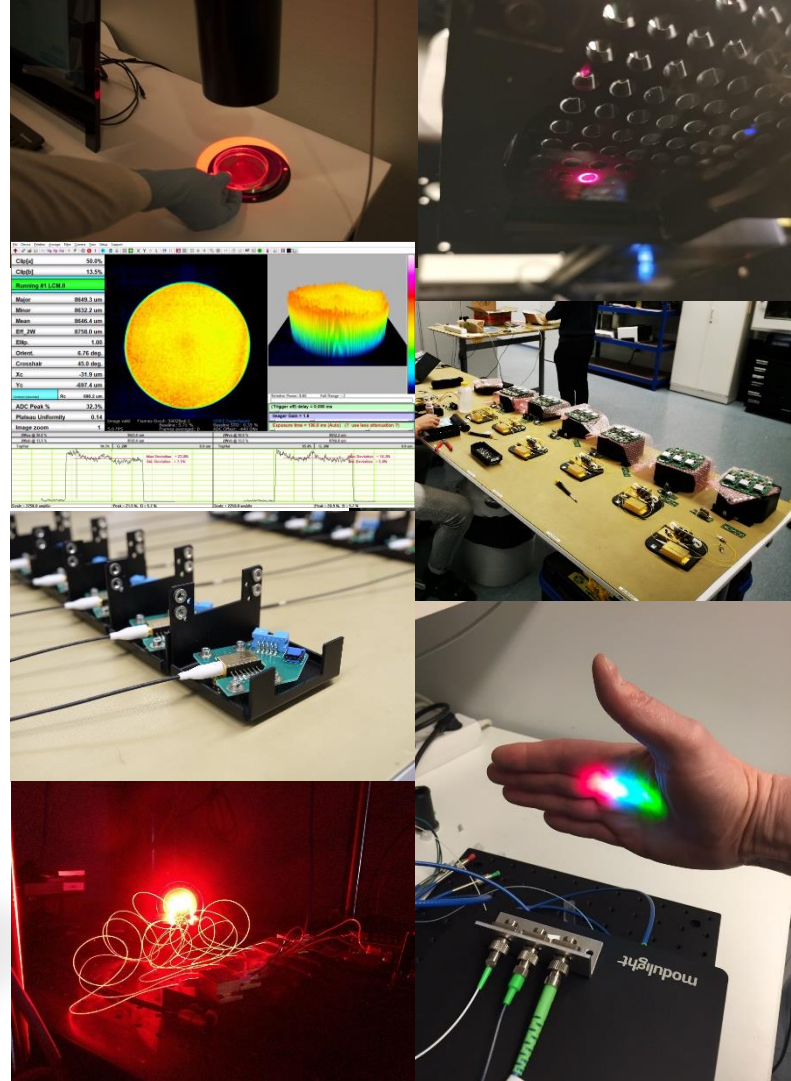

## Modulight, Inc.

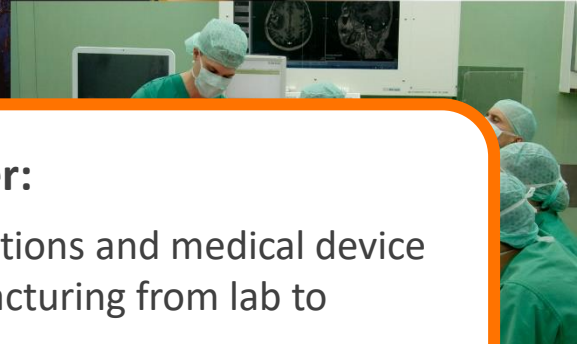

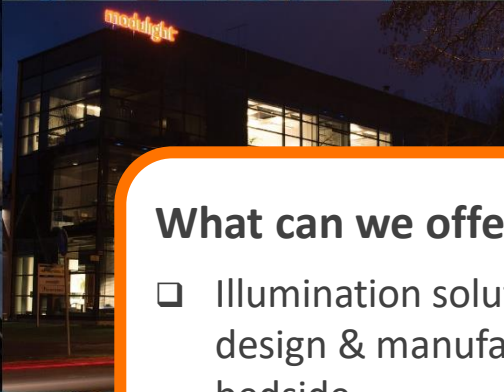

- ❑ Truly vertically integrated medical laser manufacturer
- ❑ Profitable privately held company with 19 years track record
- ❑ Exclusive supplier to 10+ pharma & world leading cancer centers in USA & Europe
- ❑ Long track record of making all kinds of semiconductor lasers & pumps (400–2000 nm)
- ❑ Certified ISO13485 QMS in 2011, ISO9001 & 14001 in 2002
- ❑ Co-branded & OEM products currently shipping to all continents except Antarctica
- ❑ 600 000 pcs of 9xx-nm pulsed lasers in 2015 for LIDAR

## Modulight medical laser devices

- ❑ Oncology lasers including active treatment monitoring
- ❑ Ophthalmic lasers with iPad control and internet connectivity
- ❑ Plate illuminators for cell viability, drug screening etc.
- ❑ Different OEM laser modules and tools for in vivo illumination

## What can we offer:

- ❑ Illumination solutions and medical device design & manufacturing from lab to bedside
- ❑ Full solution on your wavelength and form factor –we prefer tailoring the laser for the application and not the other way around
- ❑ Long term manufacturing partner

**Thank you!**
