

# LUMISSION

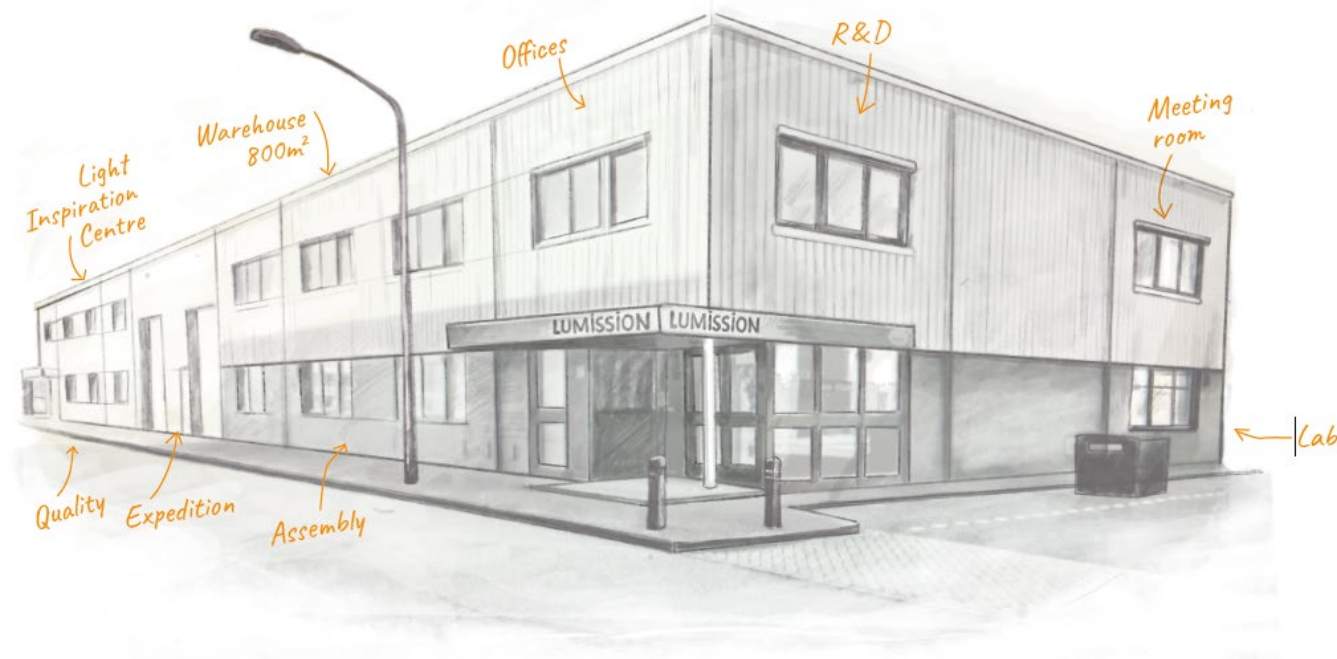

who we are, what we do

LUMISSION

LUMINAIRES WITH A MISSION

LUMISSION in some key words:

- Luminaires development & manufacturing
- founded in 2010
- 16 employees
- own assembly lines
- most products developed by our R&D team
- recently opened our Light Inspiration Centre to show and demonstrate various smart lighting solutions, Included Human Centric Lighting application
- partnership is a key value, we believe we can achieve the best results if we work closely together
- social entrepreneurship: in the assembly we work with people the have a distance to the labour market
- knowledge and innovation: we invest heavily in skilled staff and innovation
