

An aerial photograph of a road stretching into the distance, with multiple parallel lines of different colors (blue, green, orange, purple) cut into the asphalt surface. The background shows a hazy landscape with mountains under a blue sky.

**ready to go,  
ALWAYS**

**GROUP PRESENTATION 2021**

WHO WE ARE

# International Group with 8 manufacturing plants in 3 continents

**Listed on Milan Stock Exchange since 1999**

**Focus on innovation**  
(5%+ yearly investment in R&D)

Direct presence in **30 countries**

**Large installed base in 80 countries**  
and significant share (30%)  
of revenues from **after-sale services**

**Commitment to ESG values**  
("green" machines, sustainable factories,  
diversity, gender equity, business ethics)

## Company structured on 4 Business Units

Machinery, Automation & Software

Additive Manufacturing Solutions

Industrial Electronics

Laser Sources

**WHO  
WE  
ARE**

A leader in **laser** and **sheet-metal**  
**fabrication machines** and **systems**

Strong know-how in  
**mechatronics, opto-electronics,**  
**automation** and **software**

## 3D LASER MACHINES

LASER NEXT 1530/2130

LASER NEXT 2141

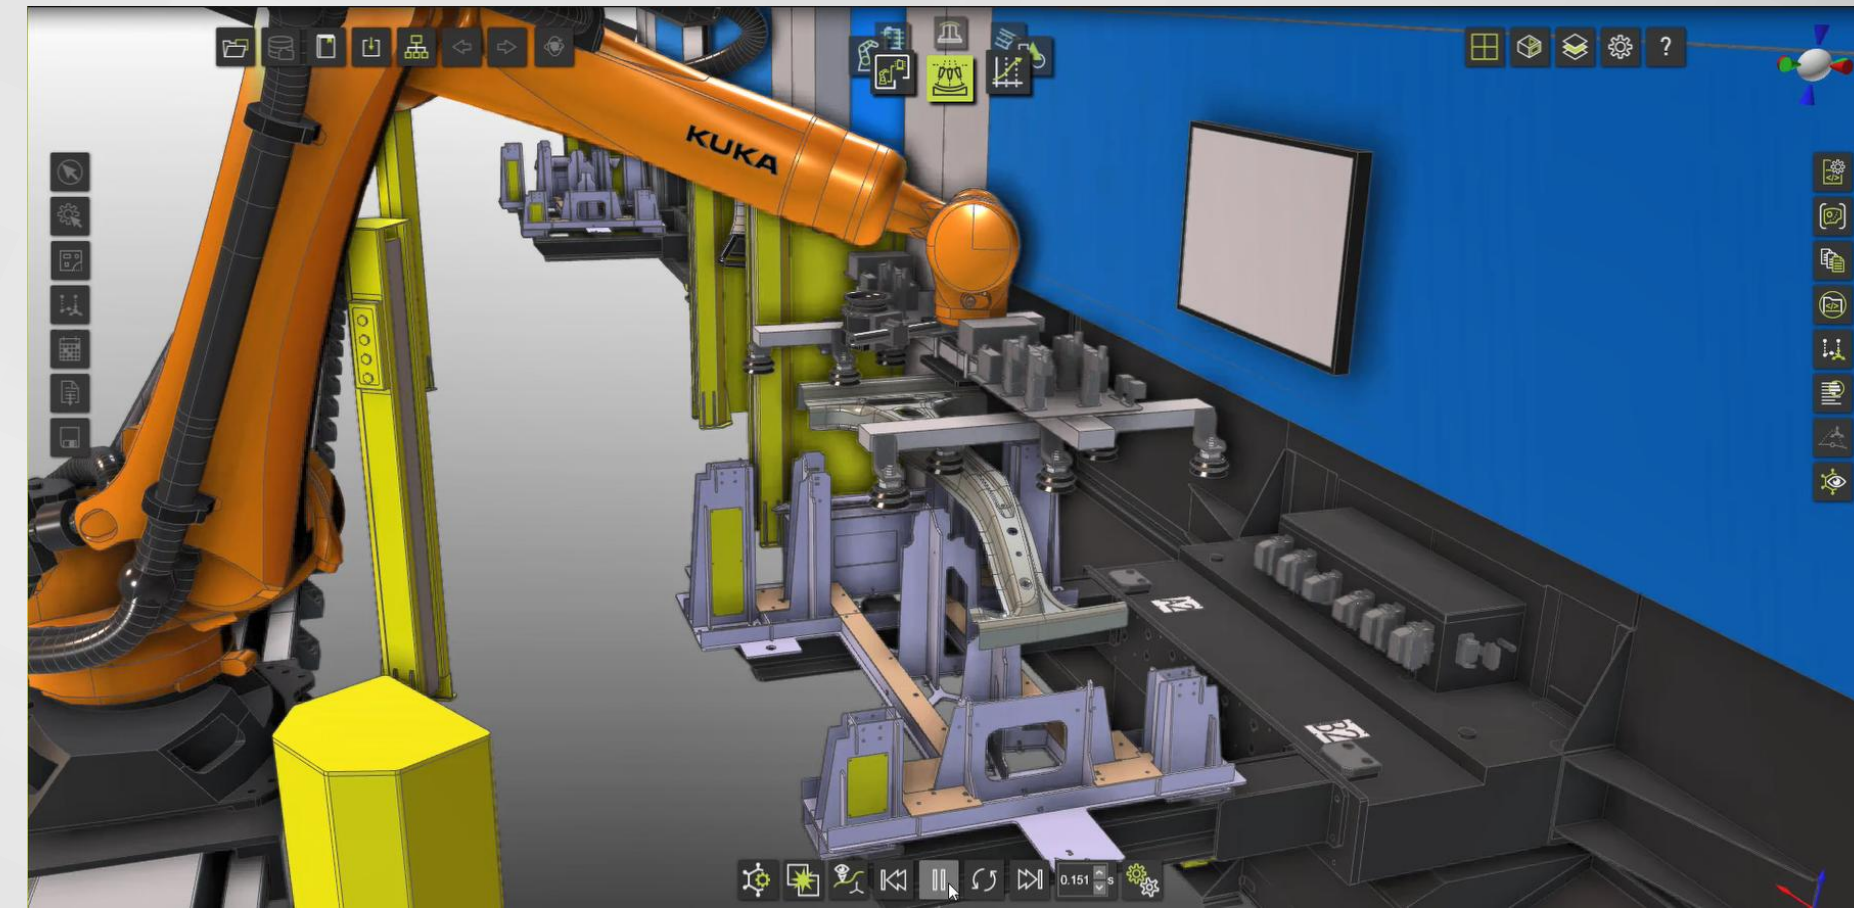

RAPIDO

LASERDYNE 811

- TURN-KEY SOLUTIONS FOR MASSIVE PRODUCTION OF AUTOMOTIVE PARTS
- FLEXIBLE CONFIGURATIONS TAILORED ON CUSTOMERS REQUIREMENTS
- MULTIPLE APPLICATIONS: 2D-3D CUTTING, WELDING, TUBES PROCESSING

# NEXT CHALLENGES

- INTEGRATION OF 3D LASER MACHINES IN UNMANNED PRODUCTION ENVIRONMENT
- IN-LINE QUALITY CHECK AFTER LASER PROCESS
- REAL TIME PROGRAMMING TO ENHANCE THE LASER MACHINE FLEXIBILITY

**THANK YOU**
