

KMZERO

CREATING THE FUTURE OF FOOD

KM ZERO FOOD INNOVATION HUB 2022

WHO ARE WE?

A multidisciplinary team of engineers, anthropologists, communication specialists, designers, foodtech experts, and financial advisors. With our knowledge of the sector and our ecosystem, **we support entrepreneurs and companies in the food sector to anticipate the future, with a vision focused on the future.**

LINES OF WORK

TRILLIONS

STARTUPS

We nourish Foodtech startups, who operate at any point of the food value chain. Through a tailor-made approach we bring them to the next level.

COMPANIES

We provide Futures Intelligence in the Food industry to help companies stay ahead through innovation strategy projects, co-creation, and access to the Foodtech entrepreneurial ecosystem.

COMMUNITY

We generate knowledge for the food sector and organize international events. We also offer educational experiences to raise awareness among future generations.

STARTUPS

WE SUPPORT ENTREPRENEURS IN THE FOOD SECTOR

Open Innovation Program: KM ZERO analyzes and connects startups with companies through an annual corporate acceleration program, and a Startup **Bootcamp**, led by the [Squad](#).

Investors Club: every 3 months, we present investment opportunities in agri-food companies.

[Ftals](#) Award: at our anual Summit we award two startups in the categories of Innovation and Sustainability.

KM ZERO SQUAD COMMUNITY

KM ZERO SQUAD

+50 KM ZERO ambassadors

entrepreneurs, scientists, companies, institutions and opinion leaders who have the common mission of accelerating the positive transformation of the food system.

KM ZERO partners have access to the Squad members.

FTALKS FOOD SUMMIT

Our annual meeting is the most international foodtech Summit celebrated in Spain. It brings together the key players in the transformation of the global food ecosystem. **4th edition of Ftalks in October 2022.**

FOODURISTIC PLATFORM COMMUNITY

El auge del foodtech y la innovación alimentaria

TRILLIONS

Multimedia platform: Fooduristic

Fooduristic is the think tank where we reflect on the future of food.

Here you can find the voices of the protagonists of the transformation of the food ecosystem at a global level.

As part of the alliance, you will be able to participate in a podcast and meeting, and in the annual report: Fooduristic.

Creating the future of food together
