

## FLEXPOINT<sup>®</sup> MVpulse - Machine Vision Laser

Increased Power Output and Eye Safety Combined

EPIC Members New Product Release

## Motivation

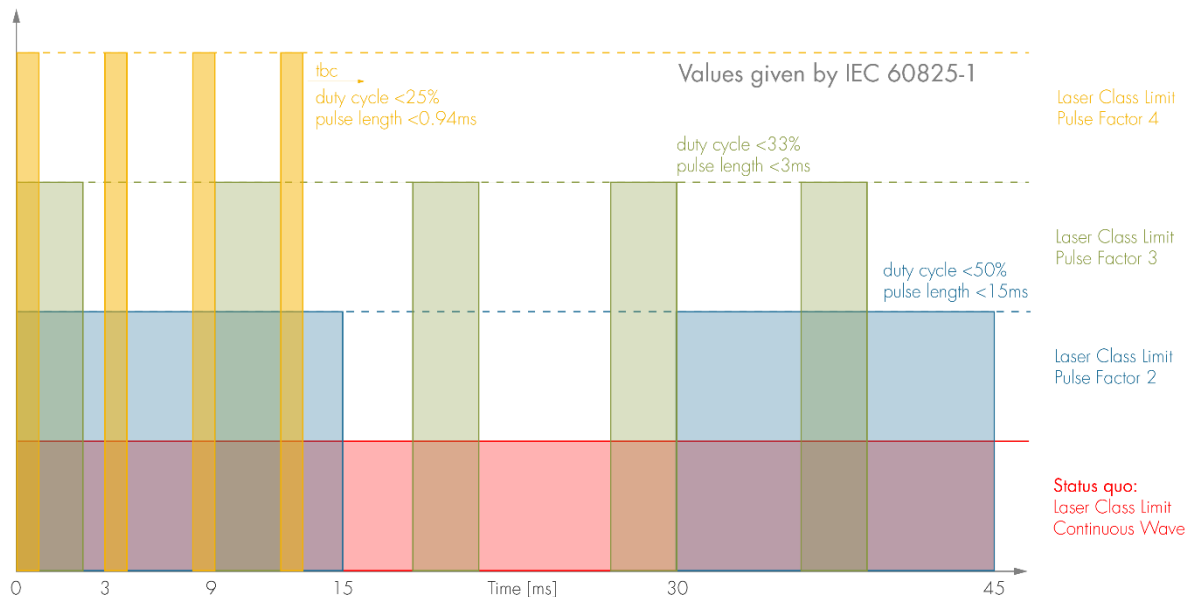

- ⬆ shorter exposure time
- ⬆ more frames per second
- ⬆ shorter processing time
- ⬆ more parts to inspect per second

⬇ limits machine vision applications

# Solution

**PROBLEM:**  
trigger pulses come from external system

Solution

# LASER PULSE POLICE OFFICER

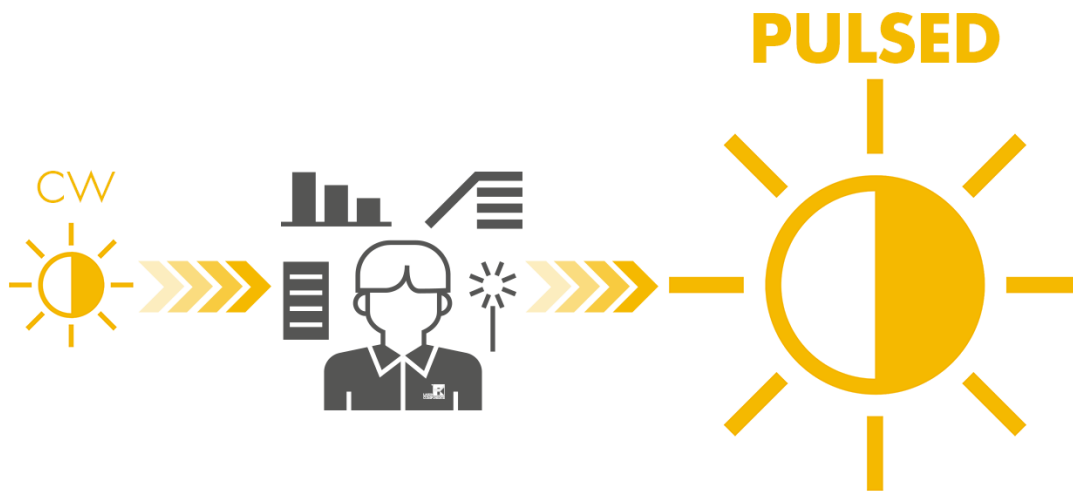

## CHECK

- ★ each pulse
- ★ pulse frequency

**FLEXPOINT® MVpulse takes over full responsibility for laser class compliance!**

Result

**Classification in True Pulse Mode**

**HIGHER PEAK POWER  
FOR LASER CLASS 2**

## Your Contact

"Tell us what you want, and we will find the perfect solution for your 3D triangulation application."
