- **Meeting (not the conference, you know who is in the room, value chain)**
 - Networking (8 hours of networking, meet 30-40 people, EPIC is 800 members network)
- **Collaboration**
 - What can you do for the others
 - What can the others do for you
 - What can they do for someone else
 - What can we do together
- **Discussion (short presentations, stick to your time, questions, learn from each other, long coffee breaks)**
 - Keep an eye on the clock ! Stay in the time allocated to you
- **EPIC is an association not an event organizer (100+ events, market reports, jobs website, lobbying, investors network)**
- **Learn, Connect, Enjoy!**
