Bevenic Group

TRUSTWORTHY PARTNER

We are easy to approach, a partner whom customers can rely on.
We operate openly with our partners notifying their special requirements and wishes.
We make our partners daily operations easier.

RESPONSIBILITY BEARER

We take responsibility of people, environment and always operate ethically and fairly.
We always demand the best from ourselves in all operations.

PRO, EXPERT

Continuous and brave development of operations and skills together with our partners are
key features for joint success.

Values

WE BELIEVE IN HEALTH AND GROWTH AS THE BASIS OF A BETTER TOMORROW

- The well-being of all of us
- To ensure equality and diversity

- To create modern working conditions
- Finnish know-how and workforce and save natural resources by keeping our work local

- Business growth is central to everything

WE BELIEVE IN TRANSPARENCY AND RESPONSIBLE USE OF RESOURCES

- Reducing the carbon footprint with long-term commitment and concrete actions

- Transparency of our processes to our customers and partners

- Reflecting the effectiveness of our work in accordance with environmental values and goals

WE BELIEVE IN JOINT INNOVATION AND CAREFUL SELECTION OF OUR PARTNERS

- Our goal is to be a pioneer and a leader in our industry in terms of responsibility

- Long-term commitment with our partners
- Our customers also need better and more responsible solutions
