Optical Communication Systems
**OptiSystem**

OptiSystem has over 580 components and over 1000 Example
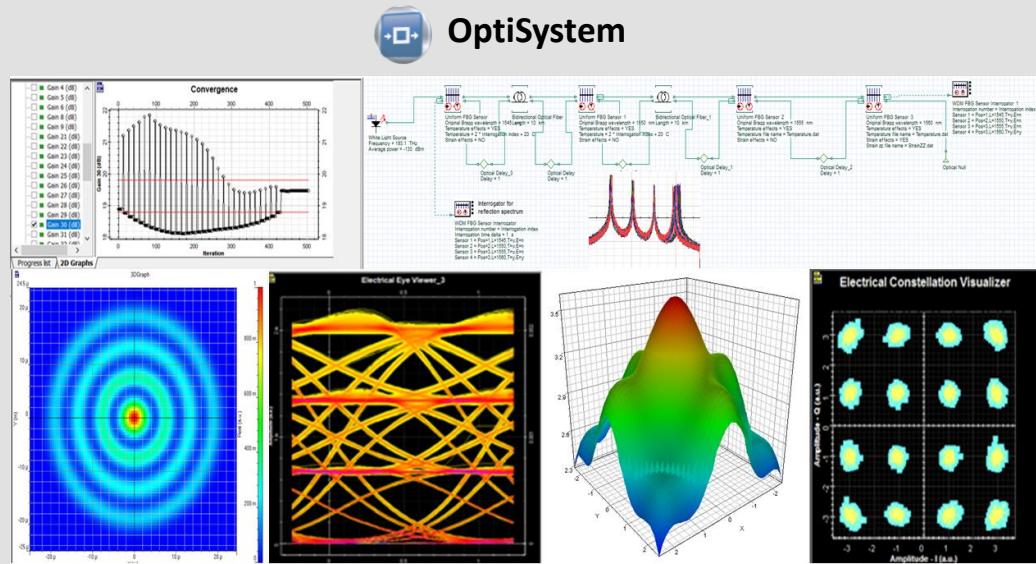

Integrated Circuits
OptiSPICE

**Optical CML Plugin for SPICE & EDA Tools**
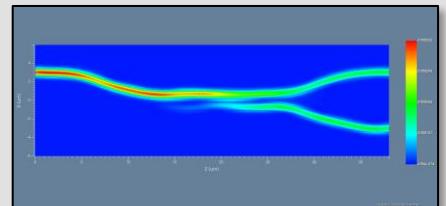

Siemens EDA

Simulation From Mask Layout

Test and Measurement
OptiInstrument

End to End – Transceiver Test System Setup

OptiInstrument communicates with instruments and automate their operation using remote control scripts

Photonic Devices

- **OptiFDTD**
- **OptiBPM**
- **OptiGrating**
- **OptiFiber**
- **OptiMode**
